He comes up-on the wings of night, He comes, my dear, to have a bite, — His vicious

Fangs bar-ing just a bove your neck, He wants much more than a love peck. Oh

you can run, you can scream and hide but his sense of smell is a source of pride, then there's his

hear-ing keen with a so - nar's guide, he will find you out, you will be his bride! you will

be his bride! He comes up-on the wings of night, He comes, my dear to have a

bite, — His vicious Fangs bar-ing just a bove your neck, He wants much more than a love peck!
